

KidsTeam

Who want to join next KidsTeam?

We are recruiting now for 2021-2022

iSchool KidsTeam is an initiative active from last 20years to involve kids in the design process as co-designer. It consists of kids collaboratively working with adult members at the University of Maryland's iSchool to find new ways to build technology to fit kid's interests and needs.

If you are 7-15 years old and like to **DREAM** up **New Ideas**, **Make Stories**, **Draw**, **Code**, or collaborate to **design cool things** – then you would be perfect for our team!!! Don't worry if you can't do all that – if you can do just one thing, that's fine, too.

KidsTeam meets during the entire school year (October-May) on

Every Tuesday and Thursday after school, 4-5:30pm
